

Tables

Fiori

design: Maja Ganszyniec Studio

Fiori is a collection of tables with unique shapes inspired by geometry and nature. The combination of figures such as squares, circles, and the distinctive flower motif creates a harmonious whole. Fiori tables are designed to meet diverse needs – from high bar tables to low coffee tables. They are a perfect fit for cafés, restaurants, hotels, as well as modern offices and coworking spaces.

FUNCTIONAL FEATURES:

- functionality – practical hook under the tabletop
- three different table heights, ensuring full flexibility to adapt the tables to various interiors, from cafés to coworking spaces
- customizable configurations – the option to freely mix and match between three available tabletop and base shapes: square (S), round (R), and flower (F)

TABLETOP:

- melamine board, MDF matt and velvet lacquered, 12 mm thick natural veneer - colours according to the Balma sample book

FRAME, BASE:

- powder coated metal - full colour range according to Balma sample
- plastic feet, black
