

Benches

Hej

design: Maja Ganszyniec Studio

Hej is a collection of modular benches designed for shared spaces — lobbies, waiting rooms, offices, and coworking areas. Available in low and high versions, with 2- and 3-seat options, it allows creating compact or extensive arrangements tailored to the function and character of the interior.

Technical specifications:

BENCHES

Seat:

- plywood, cut polyurethane foam, upholstered

Backrest:

- upholstered, mounted to the frame

Base:

- powder-coated steel

Accessories:
