Treści zawarte we wzorniku mają charakter wyłącznie informacyjny i wizerunkowy. Nie stanowią oferty w rozumieniu art. 66 § 1 Kodeksu cywilnego.

Kolory w druku i na ekranie mają charakter poglądowy i mogą różnić się od rzeczywistego wykończenia. Dopuszczalne są niewielkie różnice odcieni w powłokach lakierowanych, bejcowanych i malowanych, między partiami produkcyjnymi oraz między różnymi materiałami w tym samym kolorze. Okleina naturalna różni się rysunkiem i odcieniem, a pod wpływem światła z czasem zmienia barwę.

Podstawą identyfikacji wykończenia w zamówieniu jest jego kod.

W ramach stałego doskonalenia produktów Balma zastrzega sobie prawo do zmian w ofercie i wykończeniach.

EN

The content of this Finishes Collection is provided for general information and presentation purposes only. It does not constitute an offer within the meaning of Article 66 § 1 of the Polish Civil Code.

Colours shown in print and on screen are for reference only and may differ from the actual finish. Slight differences in shade are acceptable in lacquered, stained and painted finishes, between production batches and between different materials of the same colour. Natural veneer varies in grain and tone, and changes colour over time when exposed to light.

The finish code is the basis for identifying a finish in every order.

As part of continuous product improvement, Balma reserves the right to make changes to its product range and finishes.
