Minimus

The Minimus collection of tables and desks makes it possible to create well-designed spaces for work and meetings. Minimus tables and desks are available in a wide range of sizes and top shapes - rectangular, square and round. Their solid base comprises legs made of solid oak or metal profiles. A distinctive feature of the collection is the top brackets set back from the edge of the top, allowing chairs with armrests to be pulled up without obstruction and accessories to be mounted with ease.

Collection features

Simple, lightweight structure:

- A minimalist design that ensures stability while retaining visual lightness.

High level of ergonomics:

- The set-back frame structure supports everyday comfort and freedom of movement.

Modularity:

- The system can be configured as single workstations, desks supported on one side by storage units, bench desks and modular tables.

Tests, standards and certificates

The collection has undergone detailed testing at an accredited Furniture Testing Laboratory, confirming its safety and durability.

- **Certificate of Conformity**

Compliance with standards:

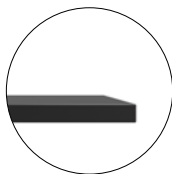

- **PN-EN 527-1:2011:** Office furniture. Work tables and desks. Part 1: Dimensions.
- **PN-EN 527-2+A1:2019-08:** Office furniture. Work tables. Part 2: Safety, strength and durability requirements.
- **PN-EN 15372:2016-12:** Furniture. Strength, durability and safety. Requirements for non-domestic tables (test level 2).
- **PN-EN 1729-1:2016-02 and PN-EN 1729-2+A1:2016-02, PN-EN 15372:2016-12**

Scope of testing: Positive laboratory test results confirmed high performance in terms of strength, durability and stability.

The dimensions and data presented in the technical sheet are for illustrative and reference purposes only. Due to the specificity of the furniture production process and the properties of the materials used (e.g., the elasticity and thickness of upholstery foam, the natural movement of wood), the actual dimensions and weights of the finished product may minimally differ from the stated values due to manufacturing tolerance.
