# Multibase

Multibase is a system of office desks with a highly functional structure, designed to accommodate dynamically changing office needs. The system allows workstations to be freely extended and rearranged, making it possible to create both individual desks and extensive multi-user configurations. A key feature of the collection is its unique, common assembly system, which allows the legs alone to be replaced without replacing the desktops, significantly increasing the versatility of the furniture.

## Collection features

---

- **Easy and quick assembly:** The simple element connection system allows workstations to be set up efficiently.
- **Unlimited expansion:** The modular frame structure makes it possible to build bench workstations on any scale.
- **High functionality:** The sliding desktop mechanism provides easy access to cable ducts.

## Tests, standards and certificates

---

The Multibase collection is fully certified, confirming its safety and strength under intensive office use.

- **Certificate of Conformity**

**Compliance with standards:**

- PN-EN 527-1:2011, PN-EN 527-2+A1:2019-08,
- PN-EN 1729-1:2016, PN-EN 1729-2:2023-10
- PN-EN 15372:2016-12.

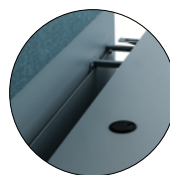

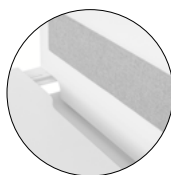

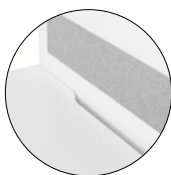

**Scope of testing:** Positive laboratory test results confirm the durability, stability and strength of the structure.

## Technical specification

---

**Desktops:**

- 25 mm melamine faced chipboard (MFC) with 2 mm edging.
- Sliding desktop mechanism with an extension range of 12 cm, facilitating cable routing.
- Straight desktops or desktops with a front scallop cut-out 40 or 60 mm deep.
- Apertures for cable ports as a standard.

### Frame and legs:

- Powder-coated metal.
- Types of legs:

#### G4

legs with a 50x50 mm cross-section; height adjustment range 74-84 cm

#### Mixt

skids legs with an 80x20 mm cross-section  
height adjustment range:

- 74-84 cm for single desks
- 70-82.6 cm for bench workstations

#### N4

legs with a 20x60 mm cross-section

#### P4

legs with a 42x44 mm cross-section

#### A

legs with a 60x20 mm cross-section

#### T

legs with a 40x80 mm cross-section

- All legs are equipped with levelling feet with a 10 mm adjustment range.
- Mobile versions (G4, N4, P4, A): black castors with brakes.
- Bench version (G4, Mixt, P4, A)

## Available models

#### Single desks

70 or 80 cm deep.  
Freestanding and supported on storage units: (H 65 cm) or a container (H 57.5 cm).

#### Desks on castors

Mobile workstations 70 or 80 cm deep.

#### Multi-user bench workstations

Configurations for 2, 4 or 6 users with middle modules. Workstations for 2 users available supported on storage units: (H 65 cm) or a container (H 57.5 cm).

## Configuration options and accessories

**Cable duct:** Tilting cable ducts - single and shared for bench workstations - and a width-adjustable PC holder.

**Frame-mounted accessories:** Knob for hanging small items.

**Screens and shields:** Dedicated upholstered Multibase or Etum desk screens and front shields.

## Available colours and materials

---

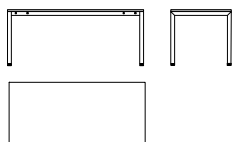

Desktops:

- Melamine board - full colour range according to the Balma pattern book.

Metal, legs:

- Powder-coated metal - full colour range according to the Balma pattern book.

The dimensions and data presented in the technical sheet are for illustrative and reference purposes only. Due to the specificity of the furniture production process and the properties of the materials used (e.g., the elasticity and thickness of upholstery foam, the natural movement of wood), the actual dimensions and weights of the finished product may minimally differ from the stated values due to manufacturing tolerance.
