# Cascara

Cascara is a collection of tables combining functionality and aesthetics, designed for modern office, café and home interiors. The tables feature a well-considered construction that allows them to be adapted freely to different interior functions. A distinctive feature of the collection is discreet cable management inside the leg and the option to equip the tabletop with media ports, helping to keep work and meeting spaces tidy.

## Collection features

---

- **Nature-inspired design:** A minimalist, organic form that blends harmoniously into a variety of interiors.
- **Versatile applications:** The availability of three table heights makes it possible to create a range of zones – from informal coffee meetings to professional conference rooms.
- **Integrated media management:** Media ports can be installed in the centre of the tabletop, while concealed cable ducts support the ergonomic use of technology-integrated furniture.

## Testing, standards and certification

---

Cascara tables achieved positive test results for strength, durability and stability in accordance with **PN-EN 15372:2016-12**.

## Technical specification

---

### Tops:

- Melamine board, natural veneer thickness 18 mm.
- Optional cut-out for a media port, Ø 30 mm or Ø 60 mm.

### Frame and bases:

- Construction: Powder-coated metal.
- Black plastic feet.

### Cable management:

- Vertical: Discreetly routed inside the leg column.
- Horizontal: Optional cable duct available for models with two or three columns.

## Available models

---

**High tables:** Height 107 cm, round tops.

**Standard tables:** Height 75 cm, round and oval tops.

**Middle modules:** 75 cm-high components for creating extended conference table configurations.

**Coffee tables:** Height 65 cm, round tops.

## Configuration options and accessories

---

- **Media ports:** Models UN-68 (Ø 60 mm) or UN-69 (Ø 30 mm) can be installed.
- **Cable management:** Additional horizontal cable ducts for large conference tables.

## Colours and materials

---

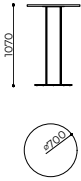

### Tops:

- Melamine board – full colour range according to the Balma pattern.
- Natural veneer – full colour range according to the Balma pattern.

### Metal frame:

- Powder-coated metal – full colour range according to the Balma pattern

The dimensions and data presented in the technical sheet are for illustrative and reference purposes only. Due to the specificity of the furniture production process and the properties of the materials used (e.g., the elasticity and thickness of upholstery foam, the natural movement of wood), the actual dimensions and weights of the finished product may minimally differ from the stated values due to manufacturing tolerance.
