Sit&stand LS3

LS3 is part of the Sit&stand desk family, designed to make it easy to change position throughout the day. Fast, smooth height adjustment allows the workstation to be adapted for sitting and standing, while the control panel reminds users to change position. LS3 is also available with a sliding desktop for easy access to cabling. A dedicated cable duct and front shield help keep the workstation tidy.

Collection features

- **Height adjustment:** Two lifting columns provide smooth height adjustment within a minimalist design.
- **Control and safety:** A control panel with reminders to change working position, the Desk Control app for control via Bluetooth, and an anti-collision system.
- **High functionality:** The desktop slides out by 12 cm, making it easier to access cabling and connect devices.
- **Additional equipment:** A front shield and a dedicated cable duct.
- **Intended use:** Open-plan offices, hot-desking, private offices and flexible workspaces.
-

Tests and standards

- Scope of testing: Positive results in strength, durability and stability tests according to PN-EN 1730:2013-04 and dimensional assessment according to PN-EN 527-1:2011.
- Requirements: Safety, strength and durability were assessed against PN-EN 527-2+A1:2019-08.

Technical specification

Desktops

- 25 mm melamine faced chipboard (MFC).
- Desktop edge: Straight or with a front scallop cut-out 40 or 60 mm deep; straight corners.
- Edging: 2 mm as standard; optional laser edging in selected colours or edging in a different colour from the Balma collection.
- Versions: Fixed desktop or sliding desktop with a 12 cm extension range and a position lock.

Frame

- Structure: Powder-coated steel profile, two three-section lifting columns and two feet.
- Drive and control: Two motors; DPG1C control panel with display.
- Levelling feet: Black plastic, with a 10 mm adjustment range.
- Height adjustment range including desktop: 61.5–126.5 cm.

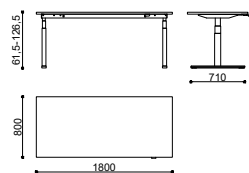

Configuration options and accessories

- Front shields: Matched to the desk dimensions.
- Cable routing: Dedicated horizontal cable ducts.
- Cable ports: Available as an option.

Available colours and materials

- Desktops: Melamine faced chipboard in the full colour range according to the Balma pattern book.
- Frame and lifting columns: Powder-coated steel; available in white RAL 9016 or black RAL 9005.
- Levelling feet: Black plastic.

The dimensions and data presented in the technical sheet are for illustrative and reference purposes only. Due to the specificity of the furniture production process and the properties of the materials used (e.g., the elasticity and thickness of upholstery foam, the natural movement of wood), the actual dimensions and weights of the finished product may minimally differ from the stated values due to manufacturing tolerance.
