

Hangers

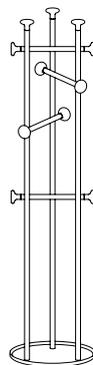

Unu

design: Piotr Kuchciński

A hanger of unusual form. A combination of metal and wood, aesthetics and durability. Apart from its practical function, it will elegantly complement every space. The solid base and frame make a stable and strong structure. Available in various colours of knobs and frame. The rounded knobs, placed at different heights, are made of solid wood. The frame of the hanger and its arms are powder painted.

COLLECTION FEATURES:

- stable and durable construction
- combination of metal and wood
- wall hanger available in two lengths
- concealed wall mount
- solid wood knobs, varnished in a wide range of colors according to the Balma pattern book
