

Mixt

design: Piotr Kuchciński

This is a collection of modern furniture with restrained but distinctive form, distinguished by a wide selection of module sizes, and above all, finishing materials. All materials, their textures, and colors have been selected so that they harmonize with each other regardless of the composition. With such a large number of combinations, unlimited possibilities for experimenting with their arrangement are opened.

DESK AND TABLES

- Top: melamine board 25mm, edging 2mm; natural veneer
- Frame: powder coated metal; steel profile 80x20mm
- the desk frame has two forms: 2 skids or 4 legs finished with a chrome foot
